

County of Peterborough Sign Permit Application

The applicant understands that:

1. All work will be performed at the expense of the applicant.
2. Work must not be begun before a permit is issued.
3. The issuance of a permit does not relieve the applicant of the responsibility of complying with relevant municipal by-laws.
4. If a permit is issued it relates only to the sign as described in the permit. By signing this application the owner gives the County permission to enter on the land to remove any sign that is altered or is not maintained in good repair according to the County requirements.

In consideration of any permit issued in respect to this application, we, the applicants for ourselves, our heirs, executors, administrators, successors and assigns hereby agree to observe, keep and perform and be subject to the regulations and conditions of the said permit and to indemnify and save harmless the County from and against all loss, cost, damages, expenses, claims and demands whatsoever to which the County may be put or which the County may be liable by reason of anything done or omitted to be done in the construction, maintenance, alteration or operation of the works authorized.

Note: A municipal building permit may also be required.
