

Notice of Construction County of Peterborough 2021 Surface Treatment County Road 21

Please be advised that the resurfacing of County Road 21 within the Township of Cavan Monaghan, from Glamorgan Road to Millbrook for approximately 5.65 km, will commence the week of June 14th, 2021 and is expected to be completed by the end of July. Work will consist of cross-culvert replacement, pulverization, restoration of the cross section with granulars and an application of a double surface treatment followed by line painting.

County Road 21 will remain open with temporary day flagging operations. Drivers should expect delays within the construction limits of the project. Please note that the above construction dates may fluctuate due to weather constraints and other factors. Every effort will be made by the County to keep the Township of Cavan Monaghan and residents informed of any significant changes.

The County realizes that the construction work will be disruptive and will complete the work as quickly and efficiently as possible. Drivers are asked to exercise additional caution for pedestrian, cyclist and worker safety.

Please circulate this notice to interested parties within your respective agencies. We apologize for any inconvenience during the construction period and thank you for your patience.
