

## Notice of Study Completion County Road 18 Bridgenorth Causeway Link (Bridgenorth By-Pass) Municipal Class Environmental Assessment Addendum

The County of Peterborough has completed a Municipal Class Environmental Assessment (EA) Addendum for the original Municipal Class EA completed in 1996 (formerly described as the Bridgenorth By-Pass). The addendum was completed as an update to the original EA and subsequent two addenda under the Municipal Class EA (2007) process, as amended in 2011 and 2015.

The study recommendations are documented in an EA Addendum Report that is now available for public review. The report describes the updated environmental conditions and three refinements to the original EA including: south end intersection refinements, modification of the horizontal curvature to reflect current standards, and Multi-use Path alternatives.

A copy of the report is available for public review at the following location:

If there are any concerns regarding this project which cannot be resolved in discussion with the County, a person or party may request that the Ministry of Environment and Climate Change (MOECC) make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses individual environment assessments. Requests may be received by the Minister and Director of the Environmental Approvals Branch of the MOECC (at the addresses noted below) within 30 days of this notice, prior to **March 21, 2018**. A copy of the request must also be sent to the County contact noted above. If there are no requests received within the 30-day review period, the project will receive environmental clearance. Subsequently, the project may proceed to design and construction, dependent on available funding.
