

Residents and business owners located along County Road 38 within the Village of Warsaw, Township of Douro-Dummer and the surrounding area are advised that the County of Peterborough (County) is proceeding with the reconstruction of County Road 38.

### Key Plan

### Who has been awarded the construction contract?

The County has awarded the construction contract for the reconstruction of County Road 38 to Royel Paving Ltd.

### When will the work happen?

Reconstruction will commence on, or about June 24, 2019 and is tentatively scheduled to be completed by the end of August, 2019.

### How will my home or business be affected?

To accommodate construction operations, it will be necessary to close one lane of traffic during the daytime working hours using flag person. At the end of each working day and/or during non-working days, both lanes of traffic will be re-instated. During construction, access to driveways will be maintained. Should temporary short duration closure of driveways be necessary to facilitate the work, 24-hour advanced notification will be provided to the affected home or business owner.

### Who do I call if I have a question or concern?

If you have any questions regarding the project, contact the following:
