

## Public Information Centre No. 2 County of Peterborough Class Environmental Assessment for the Replacement of the Peter's Island Bridge and the Union Creek Bridge

### The Project

HP Engineering has been retained by the County of Peterborough to complete preliminary and detailed design activities and to undertake a Class Environmental Assessment (EA) Study for the Peter's Island Bridge, located on Peter's Island Road, approximately 0.1km north of Crystal Lake Road, in the Municipality of Trent Lakes and the Union Creek Bridge, located on Dutch Line Road, approximately 1.3km south of Reid Road, in the Municipality of Trent Lakes (refer to key maps below).

### The Process

The Class EA study will follow the planning and design process for Schedule 'A+' projects as described in the Municipal Class Environmental Assessment Document (October 2000 as amended in 2007, 2011 & 2015), published by the Municipal Engineer's Association.

### Public Information Centres (PICs)

PIC No. 1 was held on Tuesday March 5, 2019 and provided information and answered questions regarding alternative solutions. **PIC No. 2** will be held on **Tuesday May 28, 2019 from 5:00 pm to 7:00 pm at the Galway Community Hall, 579 Galway Road Kinmount, Ontario**. The PIC will consist of a drop-in type format, during which time the applicable study material and display boards will show the preferred solution. Representatives from the Project Team will be on hand to answer individual questions in a one-on-one format, pertaining to the Project and the Class EA Process. Subject to the receipt of necessary approvals, the County of Peterborough intends to proceed with the planning, design and construction of these projects.

You are encouraged to either attend PIC No. 2 or review the materials that will be available on-line at [www.ptbocounty.ca/construction](http://www.ptbocounty.ca/construction) shortly following the PIC.
