<p>Free Blood Sugar Basics Workshop This 2 hour workshop teaches you about lifestyle choices that can help reduce your risk of developing diabetes. Research shows that for some people, making changes to what they eat and their activity level can reduce their risk of developing diabetes by over 50%</p>	<p>Blood Sugar Basics Workshop - Peterborough Family Health Team Peterborough Family Health Team (peterboroughfht.com)</p>	<p>705-740-8020</p>	<p>Chronic Disease</p>
<p>Free Chronic Pain Program Is your chronic pain affecting your life? Do you feel you have exhausted all options for alleviating the pain? <i>Being with Chronic Pain</i> is a 10-week program that meets for two hours weekly. Participants will learn about the mechanisms underlying chronic pain conditions. Throughout the sessions, our facilitators - a pharmacist and mental health clinicians - will inform you of the links between chronic pain, mood, and function.</p>	<p>Being with Chronic Pain - Peterborough Family Health Team Peterborough Family Health Team (peterboroughfht.com)</p>	<p>705-740-8020</p>	<p>Chronic Disease</p>
<p>Free Heart Health Workshop This 2 hour workshop teaches you about lifestyle choices that can help you manage your cholesterol and blood pressure and reduce your risk of heart disease. The Heart and Stroke Foundation of Canada states that 8 in 10 cases of premature heart disease and stroke are preventable through healthy lifestyle habits.</p>	<p>Heart Health Workshop - Peterborough Family Health Team Peterborough Family Health Team (peterboroughfht.com)</p>	<p>705-740-8020</p>	<p>Chronic Disease</p>

<p>Free Mindful Eating Program Do you crave food when you're stressed? Do you keep eating, even when you know you've had enough? The six (6) week program uses a skill-based approach that can help you learn why you eat the way you do and what to do about it. This program explores the relationship you have with food and uncovers that there is more to food than just nutrients. You will learn how to identify eating triggers and learn strategies that can help make lasting changes to your eating and food choices. This program meets weekly for 2 hours, for a total of 6 weeks. Participants are expected to complete homework activities between weekly sessions.</p>	<p>Mindful Eating - Peterborough Family Health Team Peterborough Family Health Team (peterboroughfht.com)</p>	705-740-8020	General Health - Eating

<p>The Ontario Structured Psychotherapy Program (OSP), supports adults (aged 18 or older) who have depression, anxiety, and anxiety-related conditions. Through the OSP program, patients can access publicly funded, short-term, evidence-based cognitive behavioural therapy (CBT). CBT is a structured, time-limited therapy that is problem-focused and goal-oriented and teaches practical strategies and skills.</p>	<p>Ontario Structured Psychotherapy (OSP) Program CAMH</p>	<p>(416) 535-8501 Ext. 36777</p>	<p>Mental Health</p>
<p>Free Depression & Anxiety Workshop Do you want to live in the moment? Do you want to let go of worries about the future and regrets of the past?</p> <p>If you are motivated for change, the Mindfulness for Anxiety and Depression program is especially for those who are currently experiencing or at risk of relapse for depression and/or for those people who have struggled with long term anxiety. This is not a therapy group; it is a program to help you learn new skills for managing stress and life challenges.</p>	<p>Mindfulness for Anxiety and Depression - Peterborough Family Health Team Peterborough Family Health Team (peterboroughfht.com)</p>	<p>705-740-8020</p>	<p>Mental Health</p>
